3. The Long Run
4. Expectations
5. The Open Economy
6. Back the Policy

課程目標 Objectives

The course will restart the intermediate Macro economic studies from the perspective of the Keynesian school. The contents of the course will make close contact with current macroeconomic events happening in Euro zone, North America and the emerging markets. This course also will provide an integrated view of macroeconomics by drawing implications from the equilibria of the goods market, financial market and labor market. Students should be able to analyze common macroeconomic developments through the training of this course.
